

ISA Canada Region Report 2010-2011

ISA Canada held its business meeting, which was followed by a reception, in New Orleans during ISA's 2010 annual conference. ISA Canada also sponsored two thematic panels at the ISA conference.

The 2010 ISA Canada regional conference was held in Montreal in June 2010 in conjunction with the annual meeting of the Canadian Political Science Association (CPSA). There were 41 panels at this conference with over 130 members of ISA Canada presenting academic papers. Two members also participated in the wider CPSA poster session. ISA-Canada organized multi-day workshops (held in parallel with other ISA-Canada organized sessions) on the themes of "Global Crisis, Global Response" and "Canadian Critical Studies: Present Productions and Future Directions." Most participants at the Montreal conference came from the Canadian international studies community, and included a wide range of junior and senior scholars. A smaller number of attendees originated from the United States and other international locations. Limited expenses for two senior scholars, and the reception, were provided through the ISA professional development fund.

During the past year ISA Canada also formed two committees to assess the future of the ISA Canada regional conference and its fee structure. The reports of these committees, due in January 2011, will focus on the future partnership of ISA Canada and CPSA, including the possibility of other conference alternatives. A third committee examining student travel support and awards is also due to report its findings in January. It is likely that ISA Canada will form other committees in 2011 focusing on minor constitutional amendments dealing with the selection of executive members in mid-term (due to resignation) and fundraising.

ISA Canada will sponsor two panels for the upcoming 2011 ISA Conference in Montreal. The first panel re-visits Québec's Foreign Relations and the second will focus on Reevaluating Responsibility to Protect (R2P).

ISA Canada will hold its fourth annual regional conference in Waterloo, Ontario, in conjunction with the annual meeting of the CPSA (May 16-18, 2011). ISA PD funding will again support the reception and travel expenses for some scholars participating in the two thematic panels.

Financial Statement for the period from January 2009-January 2010

Section Finances

Revenues

Opening Balance as of January 1 2010	10,350.51
Revenues*	2055.00
