GETTING AROUND HONG KONG
MASS TRANSIT RAILWAY (MTR)  
(For the MTR system map, please refer to following page)

MTR is the a and convenient way to get around Hong Kong. The MTR consists of 10 rail lines, covering all major districts in the territory. Single journey tickets are available from Ticket Issuing Machines and at Customer Service Centres in MTR stations.

OCTOPUS CARD

Octopus Card is the most useful and convenient rechargeable “smart card” in Hong Kong. used on most forms of public transports (MTR railways, buses, minibuses, ferries, Peak Tram and tramways), as well as settling payments at major retail outlets (convenience stores, fast food outlets, personal care stores, department stores, bookstores, coffeehouse chains, supermarkets, bakeries, self-service vending machines, and photo service outlets, etc.). Octopus fares are sometimes about 5% cheaper than ordinary fares on the MTR trips.

Adding value (in multiples of HK$50) to Octopus Card at any Add Value Machine / Customer Service Centre in MTR stations OR convenience stores.
Notes:

1. Taxis are installed with a receipt printing device. Passengers can ask for a machine-printed fare receipt. It is an offence if taxi drivers refuse, without reasonable excuse, to issue receipts to passengers upon request. In case the receipt printing device fails to operate, the taxi driver should issue a hand-written receipt.

2. It is not an offence if a taxi driver cannot give change to HK$500 or HK$1,000 notes
